Annexture A

Name of Bidder: ……

Offer to be valid for 120 days from closing date of bid.

Please note the following pricing conditions:

1. Pricing proposal to be separate from the technical proposal. Prices should be VAT inclusive

2. Prices must include gas supply, supplier-owned cylinder/vessel rental, delivery, handling, and cylinder/vessel maintenance and replacement.

4. All costs associated with the remote monitoring system, including equipment, installation, commissioning, connectivity/data charges, maintenance, calibration where applicable, technical support and replacement, shall be included in the bidder's pricing.-

5. No separate charges for the included services will be accepted; bidders are required to indicate full costs. A separate package breakdown may be attached if required

6. The prices quoted by the bidder shall remain firm and fixed for the first twelve (12) months from the commencement date of the contract.

7. Price adjustments may be considered annually from the commencement date of the second contract year, subject to the following conditions:

7.1 The bidder must submit a formal written request for a price adjustment at least sixty (60) calendar days before the anniversary of the contract commencement date.

7.2 The proposed adjustment must be based on the applicable Consumer Price Index (CPI) published by Statistics South Africa (Stats SA), unless an alternative industry-specific index
